

## Greetings!

We are excited to announce that Cloudburst9 is building a Fiber to the Home network in Keota. If you are receiving this letter, you are in our 2022 phase of the project! Weather permitting, you will soon start seeing Technicians, supported by our construction partners near the listed address to continue this significant investment in our community.

### *What is Fiber?*

In short, fiber will replace the copper and coaxial lines to your property with state-of-the-art fiber optic technology. Fiber delivers ultra-fast, ultra-reliable, unlimited Internet, Fiber TV, and phone.

### *Why would I want Fiber?*

Fiber delivers a faster, more reliable connection to the internet - speeds up to 1,000Mb, often called "Gig Fiber". Fiber also delivers reliable, crystal clear phone and TV service. Fiber is a great economic development tool for businesses evaluating a community based on their communication and technology offerings. Fiber to the Home is also a great selling point if you decide to sell your home, having fiber at your location adds an average of 3.1% in home value!

## Action Steps:

### *What do I need to do to get Fiber buried to my address?*

Please complete the line installation permission agreement form enclosed for each property you own and return it to us at CB9, P.O. Box 1208, Kalona IA, 52247. Signing this form does not mean you are required to connect to our services, but does give you the option to in the future. Fiber buried to your address at this stage is **FREE**. Deciding at a later date—after we have moved on to another neighborhood or town—may result in a charge of \$500 to \$1000 depending on the location.

### *What happens next?*

Once the completed form is received by us, we give your address to our contractors. When locate flags start appearing on or around your property you will know we are close to burying at your location. If you have any questions, please contact us at 855-229-4638 or email [billing@cloudburst9.net](mailto:billing@cloudburst9.net) or stop by one of our offices we would be glad to help you.

### *Before I forget, where can I get started?*

If you are ready to sign up for service and be the first in your area please call 855-CB9-INET. We will then be in touch with appropriate installation dates and other items!

## We are excited to serve you!

Sincerely,

Casey Peck  
Manager

Justin Stinson  
Manager
